

ELECTRICAL FAST TRACK

Propel Career Academy's Electrical Fast Track Program is a **10-month program** that covers all the core education requirements for a Journeyman's License. **Financial Aid is available** and students have the opportunity to gain hands-on working experience through Propel Prefab. This is what sets Propel Career Academy apart. **Students can work in the trade while learning the trade.**

ELECTRICAL FAST TRACK INCLUDES:

- **Safety Training**
- **Osha 10 Training**
- **Classroom & Lab Time**
- **Electrical Trade Training**
- **Electrical Theory & Application**
- **Materials & Tools Are Provided**
- **Paid, Hands-On Experience On Actual Projects**
- **Two Class Time Options to Provide Students the Ability to Work While They Study**
- **Hours Transfer In & Out***

*consult with your specific institution about which hours will transfer
